

UNDER GRADUATE STUDENT REGULATIONS

King Mongkut's Institute of Technology Ladkrabang

Office of International Affairs

Regulations of King Mongkut's Institute of Technology Ladkrabang
Re: Undergraduate Education, B.E. 2559 (A.D. 2016)
……..

Whereas it is deemed expedient to revise the regulations on undergraduate education of King Mongkut's Institute of Technology Ladkrabang to be more suitable for management of the undergraduate education in the present time;

By virtue of Section 22 (2) of the King Mongkut's Institute of Technology Ladkrabang Act, B.E. 2551 (A.D. 2008) in conjunction with the resolution of the Academic Council at its 11/2559 Meeting on 22 November 2016, the resolution of the Institute Council's Academic Affairs Subcommittee at its 12/2559 Meeting on 2 December 2016, and the resolution of King Mongkut's Institute of Technology Ladkrabang Council at its 12/2559 Meeting on 21 December 2016, this set of regulations is promulgated as follows:

Article 1. These regulations shall be called "the Regulations of King Mongkut's Institute of Technology Ladkrabang Re: Undergraduate Education, B.E. 2559 (A.D. 2016)."

Article 2. These regulations shall come into force from the first semester of the academic year 2017 onwards.

Article 3. Regulations of King Mongkut's Institute of Technology Ladkrabang Re: Undergraduate Education, B.E. 2557 (A.D. 2014), dated 22 September 2014, shall be repealed.

All provisions of other regulations, rules, orders, notifications, or resolutions insofar as they deal with matters governed by these regulations or are contrary to or inconsistent with these regulations shall be repealed and replaced by these regulations.

Article 4. The President shall be in charge of the execution of these regulations, have the power to issue the rules, notifications or orders of the Institute that are not contrary to these regulations as necessary, and report the same to the Institute Council.

In case of doubt, or if no provisions are specifically stated in these regulations, or if it is necessary to specially provide a relief of requirements hereunder, judgment of the Academic Council shall be final.

The provision of the Ministry of Education's Notification on Standard Criteria for the Undergraduate Programs, B.E. 2558 (A.D. 2015), the Ministry of Education's Notification on Standard Framework of the National Higher Education Programs, B.E. 2552 (A.D. 2009), and the Ministry of Education's Notification on the Higher Education Standard Criteria Management Guideline, B.E. 2558 (A.D. 2015), and the amendments thereof shall be applied *mutatis mutandis* in any instance where no other provisions are specifically stated in these regulations.

Chapter 1

General Provisions

…….

Article 5. In these regulations:

“Institute” means King Mongkut's Institute of Technology Ladkrabang.

“President” means the President of King Mongkut's Institute of Technology Ladkrabang.

“Student” means undergraduate student of King Mongkut's Institute of Technology Ladkrabang.

“Academic division” means the academic division that offers undergraduate programs in King Mongkut's Institute of Technology Ladkrabang.

“Head of academic division” means the Dean and shall include the Executive Vice President assigned to be in charge of a campus.

“Academic Division Committee” means the committee of an academic division in King Mongkut's Institute of Technology Ladkrabang and shall include the Campus Committee.

“Special semester” means summer session.

Chapter 2

Academic Administration

…….

Article 6. The academic system is as follows:

The bi-semester academic year is divided into two semesters:

6.1 The Institute operates a bi-semester academic system. Each academic year is divided into two semesters: first and second semesters. There may also be a special semester after the conclusion of the second semester. Each regular semester consists of not less than 15 weeks and can also be divided into certain phases. A special semester can be organized according to the necessity of each program, thus making the proportion of credits equal to those in the regular semester.

6.2 The Institute may also operate other educational systems, such as tri-semester system, module (group of courses) system, distance education, and others, provided that the period of study and the number of credits are in proportion to those of the bi-semester system. The Institute must issue an announcement describing the educational system utilized, which shall be in compliance with the Ministry of Education’s Notification on Standard Criteria for the Undergraduate Programs, B.E. 2558 (A.D. 2015), and the amendments thereof *mutatis mutandis*.

6.3 Each undergraduate program at the Institute consists of a number of courses. Each course organizes the content based on the number of credits. The number of credits granted for each course is determined as follows:

6.3.1 A theory-based course involving lectures or discussion of one hour per week or a minimum of 15 hours over one regular semester shall be measured as one credit in the bi-semester system.

6.3.2 A practice-based course involving training or laboratory sessions of two to three hours per week or a minimum of 30 to 45 hours over one regular semester shall be measured as one credit in the bi-semester system.

6.3.3 The number of credits of a course involving both theoretical and practical sessions will be measured in accordance with the criteria stipulated under 6.3.1 and 6.3.2.

6.3.4 Training practice, field study, or any other training that takes less than three hours per week in a regular semester or a total of not less than 45 hours per a regular semester shall be measured as one credit in the bi-semester system. However, it may be established that no credit is assigned to such course.

6.3.5 In case of courses of a specific nature, such as the special project, cooperative education, overseas internship taking three months or more, the Institute may issue an announcement prescribing special criteria for measuring their credits as appropriate.

6.4 The maximum period of study of every program shall not exceed two times of the period of study determined in the program.

6.5 Every program offered must be approved by the Academic Council with consent of the Institute Council before being offered.

6.6 The Institute may offer programs that enable the graduates to receive two degrees or the programs that allow undergraduate students to take certain graduate courses in advance in accordance with the Institute's regulations of on dual-degree programs and the Institute's Regulations on Advanced Undergraduate Program Management, as the case may be.

Chapter 3

Admission, Selection, and Qualifications of Students

…….

Article 7. Admission of students, schedule and methods for the admission shall be as per the Institute's announcement made by Office of the Registrar in each academic year. The number of students to be accepted and the selection process shall be as determined by the Academic Division Committee. The Office of the Registrar is responsible for issuing the admission and selection result announcements.

Article 8. Qualifications of Applicants

8.1 Being a person with faith in the democratic form of government with the King as Head of State, except for foreign students;

8.2 Not having any severe communicable disease, objectionable disease, or a serious disease that is an obstacle to education;

8.3 Having graduated with a higher secondary school certificate or its equivalent, or a vocational certificate or its equivalent, or a high vocational certificate or its equivalent in the program endorsed by the Ministry of Education or related agency;

8.4 Having good behavior;

8.5 Never having been dismissed from any other higher education institution due to any improper behavior or offense;

8.6 Never having been punished due to commission of or involvement in cheating in any kind of placement examination;

8.7 Not having any financial obligations due to the Institute; and

8.8 Other qualifications as per the criteria established by the program or the Academic Division Committee in the Institute's announcement prepared by the Office of the Registrar.

Chapter 4

Confirmation of Enrollment

…….

Article 9. Accepted applicants must confirm their enrollment in accordance with the Institute's announcement by entering correct information in the enrollment confirmation form and enclosing all required evidence or it will be deemed that the applicants fail to confirm their enrollment.

Accepted applicants, who fail to confirm their enrollment with the Institute in person on the designated date, time, and place, shall be deemed to have waived their right, unless they notify the Institute in writing of the reason for such failure and shall show up to confirm their enrollment with the Institute within the period specified by the Institute.

Chapter 5

Enrollment, Payment of Tuition Fees, and Maintenance of Student Status

…….

Article 10. Enrollment and payment of tuition fees shall be in compliance with the following requirements and procedures:

10.1 Students must enroll and pay tuition and all other fees in a manner specified by the Institute.

10.2 In a regular semester, students who fail to enroll within the period designated by the Institute must complete the late enrollment within the first three weeks of the semester and pay the late enrollment fine at the rate determined by the Institute. Upon expiry of such period, the students are required to apply for a leave of absence under 34.4 or their student status will be terminated.

In case of necessity, the Director of the Office of the Registrar may grant the students a special approval for late enrollment with consent of the head of academic division.

10.3 Students who have enrolled must complete the payment of tuition fee within the period specified in the academic calendar. If the students fail to make payment within such period, they must pay a late enrollment fee at the rate determined by the Institute. The payment of tuition fee must be completed no later than three weeks after the start of the semester. At the end of such period, if the students have not paid the tuition fee and late enrollment fine in full, they will not be allowed by the Institute to take the final examinations in that semester and the students will not be entitled to enrollment in the next semester.

The President shall have the power to grant an exemption of tuition fees.

10.4 Students must register not less than 9 credits and not more than 22 credits in each regular semester, excluding transferred credits, except for students who have less than nine credits left to be earned in the program or have to register more than 22 credits in order to graduate.

Students can register no more than 9 credits in a special semester. If students register for an internship course during the special semester, they will not be allowed to register for any other course in that semester.

10.5 Where a student fails to complete the payment of tuition fees, the Institute reserves the right to not issue him/her a transcript and all kinds of certificates. If such student has earned all credits required for graduation, he/she will not be approved for graduation or nominated to the Institute Council to receive the degree until the student has completed payment of tuition fees and fines. This, however, shall not last longer than one year from the last day of classes of that semester.

10.6 Students are not allowed to register for courses with the same date and time of classes and examinations.

10.7 Study for two degrees shall be in accordance with regulations of the Institute on dual-degree programs. Students who have earned all credits required by an undergraduate program and earned the cumulative GPA required for graduation may file an application for approval to continue their study, which the students may take audit courses.

10.8 With regard to enrollment in accordance with the advanced undergraduate program, the students selected to participate in the program must register for master's degree courses in compliance with the Institute's Regulations on Advanced Undergraduate Program Management.

Article 11. Re-registration must be in accordance with the following stipulations:

11.1 A student, who fails or does not pass a course, must re-register for that course, unless such course is not open anymore. In that case, the student may choose to register for another equivalent course in that program and approval of the Academic Division Committee must be obtained. This, however, shall not include an elective course.

11.2 A student who obtains a grade level lower than C or 2.00 in any course, may re-register for such course. The credits and grade points of the re-registered course must be added in the calculation of cumulative grade point average like other courses.

11.3 In the case where a student has registered for and completed all courses required by the program, but his/her cumulative GPA is lower than that required for graduation (lower than 2.00), the student must re-register must re-register for only the program courses that show a grade of less than C in order to increase his/her cumulative GPA to reach the required level. The credits and grade points of the re-registered course must be included in the calculation of cumulative grade point average like other courses.

Article 12. If a student is to enroll in courses that have prerequisites, he/she is required to successfully complete the prerequisite courses before enrolling such courses.

Article 13. Registration for maintenance of a student status

13.1 A student, who has earned all credits, but has not completed the research, experiment, thesis, special project, cooperative education, special problem, teaching equipment project, or any similar course called by another name, and has to continue such course in the regular semester or summer session, must register to maintain his/her student status in every semester until graduation.

13.2 A student who participates in the overseas internship or student exchange program, which is not a part of the study, must register to maintain his/her student status.

13.3 A student must register to maintain his/her student status within three weeks from the first day of the semester. Upon expiry of such period, the student must obtain approval of the head of academic division to be able to register for maintenance of student status and must complete the registration before the examination date of that semester.

Chapter 6

Course Addition, Change, and Withdrawal

…….

Article 14. Course addition shall be in compliance with the following stipulations:

14.1 A request for addition or change of courses must not in conflict with 10.4.

14.2 Students must complete course addition within three weeks from the first day of semester in accordance with the academic calendar. Upon expiry of such period, students will not be allowed to add or change any courses under any circumstances.

Article 15. Withdrawal of courses shall be in compliance with the following stipulations:

15.1 Withdrawal of courses must not be contrary to 10.4.

15.2 Students who wish to withdraw courses must do so within the period of time stated in the academic calendar.

Chapter 7

Audit Courses

…….

Article 16. An audit course is a course taken by students or outsiders who wish to receive instruction for improvement of their knowledge. Credits of the audit course will not be included in the program being studied.

Article 17. Registration for an audit course shall be the same as for a regular course.

Article 18. If a student has already taken a course as audit study, he/she will not be allowed to subsequently register for such course in order to earn credits, except in case of program transfer and it is required by the new program that such course yields credits.

Article 19. Registration, addition, change, and withdrawal of an audit course must comply with the requirements of Chapter 5 and Chapter 6 of this set of regulations.

Article 20. For evaluation, a student taking an audit course will be graded S or U.

Chapter 8

Assessment and Grading

…….

Article 21. Course assessment

21.1 Course assessment must be considered and approved by the Academic Division Committee or the committee of other unit responsible for that course.

Final examinations together with other examinations or tests are used to measure the students' achievement.

21.2 The credit system must be utilized in assessment of the performance of the students. Measurement and reporting of the student's achievement should involve the letter grades and equivalent grade points as follows as follows:

Grade	Score	Meaning
A	4.00	Excellent
B+	3.50	Very Good
B	3.00	Good
C+	2.50	Fairly Good
C	2.00	Fair
D+	1.50	Poor
D	1.00	Very Poor
F	0	Fail
I	-	Incomplete

S	-	Satisfactory
U	-	Unsatisfactory
T	-	Transfer

21.3 Letter grades of A, B+, B, C+, C, D+, D, and F can be issued for courses that students take examination and/or have any outputs that can be evaluated.

21.4 Letter grade of I may be awarded only in the thesis, special project, special problem, independent study, cooperative education, or any similar course called by another name if the student has not completed a certain part of such course or is unable to submit an assignment within the designated time. The student has to complete the conversion of an I to another grade within one year from the last day the Office of the Registrar is scheduled to submit the academic results of that semester.

21.5 For training courses under 6.3.4 or other courses apart from those requiring the grades under 21.3, if the student's performance is satisfactory, he/she will be awarded an S result, but if the performance is unsatisfactory, the student will receive the U result. To successfully complete the training courses, the student must obtain an S.

21.6 Letter grade of T will be issued for transferred courses.

21.7 Students are deemed to have successfully completed the courses taken if they receive a grade of A, B+, B, C+, C, D+, D, S, or T.

Article 22. Final examination shall be as follows:

22.1 Every student is required to attend the final examination on the date and at the time and place specified in the examination schedule. Students who miss the final examination of any course will fail such course.

22.2 Students whose attendance is less than 80% in any course will not be entitled to take the exam and will fail such course. Credits of such course will be included in the calculation of grade point average.

22.3 Students may file a petition for special withdrawal of courses in the following events:

22.3.1 Illness or accident: a medical certificate issued by a public or private hospital stating that the student is unable to take the examination shall be produced;

22.3.2 Ordination at funeral; and

22.3.3 Death, accident, or illness of the students' parent, custodian, brother or sister born to the same parents and it is necessary for the students to stay and help with. Evidence supporting such event shall be produced to the Institute to support the consideration;

22.4 If students get the Institute's approval to participate in a national or international academic contest or activity for the Institute's reputation, the Institute may arrange for them to take the final examination before or after the scheduled date.

Article 23. Students who cheat in examinations will not be evaluated for the semester that they committed cheating and will be suspended for the next regular semester. If the following semester is a special semester, the students will be suspended in that special semester and the next regular semester.

Article 24. Grade Point Average Calculation

24.1 Grade point average will be calculated at the end of each semester. To calculate the grade point average, multiply the number of credits with the grade received and, then, divide the total number of credits registered in for the semester concerned. The final accumulated grade point average may carry only 2 decimal points. Re-registered courses under Article 11 shall be included in the calculation of grade point average, but not those courses that yield the results of S, U or T.

24.2 Three types of grade point average shall be calculated:

24.2.1 Grade Point Average of Semester (GPS) is calculated from all courses registered in the semester concerned;

24.2.2 Cumulative Grade Point Average (GPA) is calculated from every course taken from the first semester to the current one; and

24.2.3 Grade point average based on program structure means the grade point average calculated from only the courses required by the program.

Article 25. Probation

Students who have obtained a cumulative GPA of lower than 2.00 shall be placed on probation. During the probation period, if the students' grade point average of the following semester is lower than 2.00, such student shall be terminated. Probationary students will be discharged from the probation status when their cumulative GPA is not less than 2.00.

Article 26. The Office of the Registrar shall process and report the study results.

Chapter 9

Graduation

…….

Article 27. In order to graduate, students must meet the following requirements:

27.1 Earning all credits and completing all courses required by the program and attaining the program-based GPA of not less than 2.00;

27.2 Attaining a cumulative GPA of not lower than 2.00;

27.3 Completing the English Exit Exam and other tests (if any) with the score prescribed in the Institute's announcement;

27.4 Being dignified and honorable as described under Chapter 14 hereof; and

27.5 Not having any financial obligations due to the Institute.

Article 28. The Director of the Office of the Registrar must send the name list of students under Article 27 to the Academic Division Committee for approval for graduation and have the academic division notify the Office of the Registrar of the approval for graduation. The matter will then be forwarded to the Institute Council for approval.

Article 29. Undergraduate Honors

29.1 Students entitled to honorary degree must meet the following requirements:

29.1.1 Spending not more than the maximum period of study indicated in the program, excluding the special semester of the last year in the study plan;

29.1.2 Never been graded with and F or U in any course;

29.1.3 Never re-registering for any course in order to change the cumulative GPA, which has impact on the awarding of the honorary degree;

29.1.4 Never taking leave of absence due to failure to register for courses within the designated time and never having been punished due to disciplinary misconduct;

29.1.5 In case of a student participating in a short-term course or internship program abroad, resulting in failure to graduate within the time required by the program, he/she may file a petition for not counting the time spent on the short-term course or internship abroad as part of the period of study. Such petition must be approved by the Director of the Office of the Registrar.

29.2 Honors awarded can be divided into the following:

29.2.1 First Class Honors and Gold Medal: the student must obtain the highest cumulative GPA based on the program structure among the group of graduates in the same academic year in each program. The student must have the program-based GPA and accumulative GPA of not less than 3.75 and must not have any academic records transferred from another educational institution.

29.2.2 First Class Honors: Students will be awarded first class honors if they achieve a program-based GPA and cumulative GPA of not less than 3.50. In case of transfer of credits from another institution, each course must show a grade of not less than B. Moreover, the program courses taken by the students must yield not less than three-fourths of the total credits earned throughout the program.

29.2.3 Second Class Honors: Students will be awarded second class honors if they achieve a program-based GPA and cumulative GPA of not less than 3.25. In case of transfer of credits from another institution, each course must show a grade of not less than B. Moreover, the program courses taken by the students must yield not less than three-fourths of the total credits earned throughout the program.

Chapter 10

Transfer of Credits

…….

Article 30. The Institute may determine the criteria for acceptance of the transfer of students or credits from other higher education institutions in Thailand or other countries, in accordance with the requirements for transfer of undergraduate academic records into the educational system of the Office of the Higher Education Commission, the requirements of the Institute stipulated herein, and provisions of the Institute’s future announcements.

Article 31. The Institute permits transfer of academic records from the formal education, non-formal education, informal education, and the advanced placement program, which must have approval of the Academic Division Committee.

31.1 Credit transfer is the comparison and matching of courses (if any) and transfer of credits and grade of the courses that students have taken before. Academic records that can be transferred are as follows:

31.1.1 Academic records when transferring programs within the Institute;

31.1.2 Academic records of the courses taken in the Institute;

31.1.3 Results of examinations especially organized by the Institute;

31.1.4 Academic records as a result of students' study in other institutions both in Thailand and other countries under the cooperation project to jointly produce new graduates, or the academic exchange programs, or that the students go to study on their own but obtaining the approval of the Academic Division Committee before enrollment;

31.1.5 Academic records from the Institute's Advanced Placement Program; and

31.1.6 Academic records or results of tests taken before enrolling with the Institute and organized by a national or international organization approved by the Academic Division Committee and the Academic Council.

31.2 Equivalency transfer is the comparison and matching of courses and transfer of credits of the courses taken before. The academic records that can be transferred are as follows:

31.2.1 Academic records from formal education in other higher education institution or its equivalent; and

31.2.2 Academic records from non-formal or informal education.

31.3 Criteria for transferring credits other than from the Advanced Placement Program:

31.3.1 The course or module must match three-fourths or more of the content of the equivalent KMITL course or module;

31.3.2 Transfer must be approved by the committee of the academic division that is the owner of the course or module;

31.3.3 The course or module must show a grade of no less than a C+, or 2.50 or its equivalent, except when the course or module is transferred from within the Institute, it must show a grade of no less than a C or 2.00. In this regard, approval of the committee of the academic division to which the students belong must be obtained;

31.3.4 Students cannot transfer credits more than one-third of the total credits required for graduation, except in case of students who study for the second degree or used to be students of the Institute. In such case, the students are allowed to transfer credits not more than three-fourths of the total credits of the receiving program; and

31.3.5 The course or module must have been taken within the past 5 years.

31.4 Students who are approved for transfer of credits must spend at least one academic year studying at the Institute.

31.5 Criteria for transferring credits from the Advanced Placement Program:

31.5.1 The Advanced Placement Program is an educational cooperation between the Institute and partner schools. Students of those schools participating in the program are able to take certain courses in advance and when they pass the examinations and complete such courses, the credits earned can be transferred to their undergraduate programs and calculated for cumulative GPA.

31.5.2 Transfer of credits of the courses taken at the Institute under the Advanced Placement Program will only be allowed if the students obtain a grade of no less than a C+, or 2.50 or its equivalent. The grade points earned must be calculated for cumulative GPA.

31.5.3 Transfer of the credits from courses taken at schools participating in the Advanced Placement Program will be allowed only if such courses pass the content assessment performed by the responsible academic division and obtain approval of the Institute. The courses to be transferred must match three-fourths or more of the content of the equivalent KMITL courses and show a grade of no less than a B+, 3.50 or its equivalent. The grade points of such courses will be calculated for cumulative GPA.

31.5.4 Students are not allowed to transfer more than one-fourth of the total credits required by the receiving program. Registration for courses and payment of the tuition fee must be conducted in accordance with the Institute's rules.

31.5.5 Course matching and transfer of credits must be conducted within two years from the date of graduation from the higher secondary school.

31.5.6 Course matching and transfer of credits must be verified and approved by the Academic Division Committee. Then, the results will be reported by the academic division to the Office of the Registrar for further action.

31.6 For equivalency transfer and credit transfer under 31.2 – 31.3, students must file a petition for equivalency transfer with the academic division within six weeks form the start of the first semester of their study. Upon expiry of such period, it shall be deemed that the students have waived their rights. In case of necessity, the head of academic division shall have the power to grant approval and notify the Office of the Registrar to further transfer the credits. In this regard, the transfer must be completed before the last day of classes in the first semester of the students, except in case of transfer of credits from other higher education institution.

Article 32. The Institute or the academic division may arrange for other special tests, such as Placement Test, where, if the students can pass such tests in accordance with the criteria set forth by the Institute or the academic division, they will be allowed to skip the exams of related courses.

Article 33. Transfer of program shall meet the following criteria:

33.1 A person requesting the transfer must be a student of the Institute.

33.2 The transfer must be approved by the committees of the academic divisions in charge of the old and new programs.

33.3 A student to request a transfer of program and academic division must have studied for at least two regular semesters and earned not less than 30 credits.

33.4 A student must file a petition to the head of academic division not less than two weeks before the start of that regular semester.

33.5 Other criteria in addition to those specified under 33.1 – 33.4 shall be determined by each academic division, which shall be made in the form of an announcement of the academic division.

33.6 Decision of the Academic Division Committee shall be final.

Chapter 11

Leave and Termination of Student Status

…….

Article 34. Leave

34.1 There are four categories of leave as follows:

34.1.1 Sick leave;

34.1.2 Personal business leave;

34.1.3 leave of absence; and

34.1.4 Resignation.

34.2 Sick leave

34.2.1 If a sick leave is taken during instruction, students must submit a sick leave application form on the first day of return. If sick leave is taken for five days or more, a medical certificate must be produced to the course lecturers.

34.2.2 If a sick leave is taken during examination, requirements of paragraph 22.3.1 shall be observed.

34.3 Personal business leave

34.3.1 If students have to take a personal business leave during a class, they need to obtain permission of the course lecturer.

34.3.2 Students who need to take a personal business leave for one day or more must file a leave application form, which must contain the reason for leave and representation of either the students' custodian or advisor, to the course lecturer before the leave date.

34.3.3 To take a personal business leave during examination, students have to comply with requirements of 22.3.2-22.3.3 and 22.4.

34.4 Leave of absence

34.4.1 A leave of absence refers to a leave taken for an entire semester. If a student has registered for courses, such registration shall be considered to have been terminated and all registered courses will not appear in the transcript.

34.4.2 Leave of absence will be permitted in the following cases:

34.4.2.1 Illness with medical certificate issued by public or private hospital indicating that the student is in need for recovery;

34.4.2.2 Accident, which requires more than 20 days of recovery;

34.4.2.3 Military recruitment or mobilization;

34.4.2.4 Being awarded an international scholarship or other that the Institute deems appropraite to support; or

34.4.2.5 Failure to register for coures or make payment of tuition fee within the time designated by the Institute.

34.4.3 The student may apply for a leave of absence for one regular semester at a time and the leave cannot be taken consecutively for over one academic year. The student or his/her custodian in the case where the student is unable to be present on his/her own, shall submit a petition for leave of absence as well as evidence, as the case may be, to the Office of the Registrar. Application for leave of absence must have the consent of the student's custodian and be completed before the final examination of the semester that the student wishes to take a leave of absence.

34.4.4 New students are not entitled to request for leave of absence in the first semester, except in case of a force majeure where the President will consider approving the request on a case-by-case basis.

34.4.5 The student whose request for leave of absence is approved must make payment of fee to maintain his/her student status in every regular semester, except the semester in which in the student has already registered for courses and paid the tuition fee.

34.4.6 The student who wishes to take a leave of absence for more than one academic year must gain approval of the Director of the Office of the Registrar and pay a fee to maintain his/her student status every regular semester.

34.4.7 The period of the absence must be computed as part of the duration of study in the program.

34.5 In order to resign, the student must submit a petition for resignation together with consent of the student's custodian to the Director of the Office of the Registrar. No approval will be granted if the student has financial obligations due to the Institute.

34.6 Student status will be terminated in the following circumstances:

34.6.1 Death;

34.6.2 Resignation;

34.6.3 Penalty of dismissal under Chapter 13;

34.6.4 Lack of qualifications of a student of the Institute;

34.6.5 Failure to register for coures;

34.6.6 Failure to maintain student status witin the time designated by the Institute;

34.6.7 The maximum period of study under 6.4 is exceeded, provided that the period of leave of absence or penalty suspension is computed as a part of the period of study; or

34.6.8 Cheating in an exam for more than once.

34.6.9 The Institute issues an announcement declaring that the student is terminated due to violation of the regulations or rules of the Institute; and

34.6.10 Failure to make payment of the tuition fee and fine under 10.5.

34.7 At the end of every semester, the Office of the Registrar must announce the names of students who are terminated and remove them from the student register, provided that consent is granted by the head of academic division.

34.8 In the case where a student' status as the Institute student is terminated due to decease, the accepting academic division must inform related units as soon as possible.

34.9 In case of necessity, the student who was terminated due to “resignation” under 34.5 or failure to register and maintain his/her student status may file an application for return to the Institute. Such application must be approved by the President with consent of the head of academic division that the student belongs to. In this regard, the student is required to apply for retrospective leave of absence and make payment of all tuition fees. The application must be made no later than one year from the date of termination and not contrary to the period of study requirement under 6.4.

Chapter 12

Special Semester

…….

Article 35. The student of the Institute who is to register for a course in a special semester must file a petition with the head of academic division that is responsible for that course to offer the course.

Article 36. The course to be offered in the summer semester must be a course available in the program of each academic division. The head of academic division will approve the offering of the course when a lecturer who is able to teach that course is available to teach.

In the case where there is no lecturer available to teach the course, the student may choose to take a course offered by another program with equivalent content with the course that the student wants to take by filing a petition for course equivalency recognition with the head of the academic division for approval before registering for that course. After that, the academic division must notify the Office of the Registrar for further action.

Article 37. The special semester is made up of not less than five weeks of instruction with the number of class periods for each course equaling those of a regular semester.

Article 38. Registration for courses in a special semester shall be as provided in the second paragraph of Article 10.4.

Article 39. Addition or change of courses must be completed within one week from the start of the semester. Course withdrawal must be done one week before the start of the special semester, unless there is a force majeure under 22.3.

Article 40. Evaluation and grading shall be as per requirements of Chapter 8.

Article 41. Payment of tuition fee shall be as stipulated in the Institute’s related regulations or announcements.

Chapter 13

Student’s Discipline

…….

Article 42. Students must strictly conform to the discipline hereunder at all times. Failure to comply with the following shall be regarded as violation of discipline and punishment shall be imposed as defined in these regulations.

42.1 Students must dress appropriately.

42.2 Students must show respect to lecturers and staff of the Institute.

42.3 Students must behave in an appropriate manner and must not constitute any disgrace to themselves or the Institute.

42.4 Students must not smoke during instruction or examination or in the Institute.

42.5 Students must not drink liquors or consume intoxicants in the Institute.

42.6 The following acts are considered serious disciplinary offenses:

42.6.1 Slander that causes others to suffer damages as well as instigating, supporting or leading any chaotic event within the Institute's premises, such as fight, destruction of property of the Institute or governmental agency, delinquent acts, and demonstration consisting of more than 10 persons in violation of laws;

42.6.2 Consumption of liquors or intoxicants in the Institute;

42.6.3 Using illegal or narcotic drugs;

42.6.4 Carrying weapons or illegal articles;

42.6.5 Cheating in exams;

42.6.6 Displaying any behavior that is disrespectful to lecturers or staff members of the Institute who carry out duties in accordance with laws or the Institute's regulations or rules, which is deemed a serious disciplinary offense by the Discipline Committee;

42.6.7 Forging the signature of custodian or another person and using it as evidence when contacting the Institute, which causes damages to the Institute;

42.6.8 Engaging in any type of gambling in the Institute;

42.6.9 Carrying out any act that damages or defames the Institute, such as being hired to take exam for other person, either in or outside the Institute, copying other person's thesis or academic paper, or hiring any person to write a thesis or academic paper; and

42.6.10 Carrying out any other act that is deemed a serious offense by the Discipline Committee and the President.

Article 43. There are three modest disciplinary actions as follows:

43.1 Verbal warning;

43.2 Probation; and

43.3 Compensation for damage caused.

Article 44. There are three serious disciplinary actions as follows:

44.1. Suspension of study;

44.2. Expulsion; and

44.3. Dismissal.

Article 45. If the student commits any disciplinary offenses under Article 42, except for 42.6.5, the President may order a penalty proportional to the offense committed. However, if there is any reason for mitigation of the penalty, such reason may be taken into consideration.

Article 46. In the case where a student cheats in exam under 42.6.5 and there is clear evidence of such cheat, the head of academic division must conduct and complete an investigation of the student's offense as soon as possible from the date of detection and propose the investigation result to the President to impose a penalty under Article 23. After the President has issued and signed a penalty order, the academic division must notify the student of such penalty order without delay as well as the Office of the Registrar.

Article 47. In the case where any student is accused of committing any disciplinary offense under Article 42, except for cheating in exam under 42.6.5, the Discipline Committee appointed by the Institute shall have the power to initiate a disciplinary action against the accused student immediately to investigate the offense in a fair and quick manner. The penalty in proportion to severity of the offense committed must then be proposed to the President for approval. After the President has issued a penalty order, the Discipline Committee must notify the student of such penalty order without delay. The head of academic division the student belongs to and the Office of the Registrar must also be notified.

Appointment, assignment of power and duties, and meeting of the Discipline Committee shall be made in the form of the Institute's announcement.

Article 48. Any student on whom a penalty is imposed in accordance with Article 46 or Article 47 shall have the right to file an appeal against the penalty with the President within 30 days from the date of receipt of the penalty order. The appeal must be made in writing and signed by the appellant.

After the President has considered the appeal, the Discipline Committee appointed by the Institute or the head of academic division, as the case may be, shall proceed in accordance with the he President's order without delay.

Chapter 14

Dignity and Honor of Students to Receive the Degree or Diploma

…….

Article 49. Students who are eligible to be nominated for a degree or diploma must possess all qualifications under Article 27.

Article 50. Students who are suitable for being nominated to the Institute Council to receive the Institute's degree or diploma shall not only have dignity, honor and morality, maintain good reputation, prestige and benefits of the Institute, comply with the student's discipline and regulations of the Institute, but also need to have the following qualifications:

50.1 Not being diagnosed as a person of unsound mind by a medical doctor or adjudged as incompetent or quasi-incompetent by the court;

50.2 Not being imprisoned pursuant to a final judgment or undergoing criminal prosecution, except for offenses arising out of negligence or for petty offenses;

50.3 Not being a person of evil, immoral or roguish behavior, consuming alcoholic beverage to the point of being unable to maintain a sound mind, being insolvent, being immersed oneself in gambling, or engaging in improper sexual relationship, which constitute disgrace to the Institute;

50.4 Not causing disunity or fight among fellow students or between the Institute's students and those of another institution or other persons;

50.5 Not displaying any behavior disrespectful or insulting towards the Institute's lectures or personnel who carry out duties in accordance with laws or the Institute's regulations or rules;

50.6 Not interfering with the power to administer the Institute;

50.7 Not intentionally causing serious damage to the Institute's property;

50.8 Not copying or hiring another person to write a thesis, special problem, or similar course called by another name, for oneself

50.9 Not being hired to write a thesis, special problem, or similar course called by another name, for another person, or being hired to take exam for another person;

50.10 Not copying the thesis of oneself or another person; and

50.11 Not having any financial obligations due to the Institute.

Article 51. To apply for approval to receive the degree, students must comply with and adhere to all requirements and procedures as well as date, time and place indicated in the Institute's academic calendar, and pay the fee to receive the certificate or degree as required by the Institute.

Article 52. The student who lacks any qualifications under Article 50 will be regarded as lacking dignity and honor and not being eligible for the degree. Any one of the following decision may be made with respect to such student:

52.1 The student will not be nominated for receiving the Institute's degree; or

52.2 Nomination for the degree will be delayed for one to three academic years in proportion to severity of the offense committed; or

52.3 Revocation of degree: in the case where the Institute has found that a graduate for whom the Institute Council has approved the degree is not qualified under Article 50, the Institute Council shall consider revoking the degree. The revocation will be effective form the date the Institute Council approves to confer the degree on such person.

Article 53. At the end of each academic year, if there are any students lacking the qualifications under Article 50, the Academic Division Committee shall proceed in accordance with Article 52 and send the consideration result to the Office of the Registrar, which will further propose the result to the Institute Council for approval. In case of a student who is considered by the Institute Council as unsuitable for receiving the degree, if he/she deems that he/she is treated unfairly, the student has the right to file a written appeal bearing his/her signature with the President. A certified copy of the appeal must also be submitted to the head of academic division within 15 working days from the date the student is aware that he/she is considered unsuitable for receiving the degree.

Article 54. The head of academic division must submit a clarification of the appeal to the Institute within seven working days from the date of receipt of the certified copy of such appeal under Article 53.

Article 55. When the President receives the appeal together with the clarification given by the head of academic division, they must be presented to the meeting of the executive board of the institute for consideration as soon as possible. The result will then be proposed to the Institute Council for the final decision.

Article 56. In the case where the student is not satisfied with the decision regarding the appeal under Article 55, he/she may submit a request for reconsideration of the appeal in the following cases:

56.1 There is new evidence, which may significantly change the account of the matter; or

56.2 The decision on the prior appeal was made on the basis of any information or provision of law, which has later changed significantly in a way that is beneficial to the student.

Submission of the request under the first paragraph can be made only if the student was not aware of that circumstance before in the previous consideration, provided that such unawareness was not the student's fault.

Submission of the request under the first paragraph must be made within 30 days from the date the student is aware of the circumstance that enables him/her to make a request for reconsideration.

Chapter 15

Miscellaneous

…….

Article 57. Exam answer sheets must be kept by the academic division for at least one academic year from the date of announcement of the examination results. At the end of such period, the head of academic division shall have the power to order a destruction of these documents.

Article 58. The Office of the Registrar must keep the score reports of each course for a minimum of five years from the date of announcement of the examination results. After the end of such period, the Director of the Office of the Registrar shall have the power to order a destruction of these documents.

Chapter 16

Transitory Provisions

…….

Article 59. In case of doubt regarding application of these regulations, the President shall issue orders as he/she may deem fit for a particular matter on a case-by-case basis. If such matter is related to students enrolling before these regulations come into effect, the President must also take the earlier regulations, rules or criteria into consideration when making a decision.

Article 60. During the period of no rules, notifications, orders, or resolutions being issued under these regulations, those rules, notifications, orders, or resolutions in force on the date these regulations come into force shall apply, *mutatis mutandis*, as far as they are not contrary to these regulations until there are rules, notifications, orders or resolutions issued for the application of these regulations.

Announced on this 28th day of December 2016

General -Signature-

(Surayud Chulanont)

Chancellor of the Council of King Mongkut's Institute of Technology Ladkrabang
